

# BE UNSTOPPABLE

**Business Type : B2B and B2C**  
**Startup Stage : Prototyping**  
**IPR Filed : 01 Patent**

## About Us

Bogie Sauf is a technical startup developing an automated tyre air pressure maintenance system irrespective of the vehicle's state of motion. The product will help prevent accidents that are generally caused due to such imbalances.

**Founder**  
Mayur Mahla

**Co-Founder**  
Gaurav Chale

## Features

Life saving

Increase mileage

Vehicle friendly

Affordable pricing

Prevent tire related crashes

## Our services/products

The product will not only keep constant check on pressure but also fill or reduce air in the wheels as necessary. This helps prevent several issues like tyre blasting, bad wheel alignment and other accidents. The product includes tyre pressure maintenance system:
